Documentation of the satisfaction of these liabilities, along with verification of funds sufficient to satisfy these obligations must be obtained.

<p>Minimum Payment Student Loans</p>	<p>For all student loans, if a monthly student loan payment amount is provided on the credit report, use that amount for qualifying purposes. If the credit report does not reflect the correct monthly payment, use the monthly payment that is on the student loan documentation (the most recent student loan statement) to qualify the borrower.</p> <p>If the credit report does not provide a monthly payment for the student loan, or if the credit report shows \$0 as the monthly payment, Determine the qualifying monthly payment using one of the options below.</p> <ul style="list-style-type: none"> • If the borrower is on an income-driven payment plan, obtain student loan documentation to verify the actual monthly payment is \$0 and then qualify the borrower with a \$0 payment. • For deferred loans or loans in forbearance, calculate a payment equal to 1% of the outstanding student loan balance (even if this amount is lower than the actual fully amortizing payment), or a fully amortizing payment using the documented loan repayment terms.
<p>30-day Charge Accounts</p>	<p>Open 30–day charge accounts require the balance to be paid in full every month. Fannie Mae does not require open 30–day charge accounts to be included in the debt-to-income ratio.</p>
<p>Mortgage History</p>	<p>Mortgage History evaluated by AUS</p>
<p>Long Term Debts</p>	<p>Revolving charge accounts and unsecured lines of credit are open-ended and should be treated as long-term debts and must be considered part of the borrower's recurring monthly debt obligations. The monthly payment on every revolving and open-end account with a balance must be included in ratio calculation. Accounts cannot be paid down to qualify, installments or Mortgage accounts must be paid in full. Payoff of revolving accounts in order to qualify the borrower is generally not allowed.</p>
<p>Court Ordered Debt</p>	<p>If the obligation to make payments on a debt has been assigned to another person by court order, such as a divorce decree, and transfer of ownership of any related property has taken place, the payment may be excluded from long-term debt. The following documents are required: copy of the court order; and for mortgage debt, a copy of the recorded documents transferring ownership of the property (e.g.: Quit Claim Deed). If a transfer of ownership has not taken place, late payments associated with the loan repayment of the debt owing on the property should be taken into account when reviewing the Borrower's credit profile.</p>
<p>Non-Occupant Co-borrowers and blended ratios</p>	<p>For DU loan casefiles, if the income of a guarantor, co-signer, or co-borrower is used for qualifying purposes, and that guarantor, co-signer, or co-borrower will not occupy the subject property, the maximum LTV, CLTV, and HCLTV ratio may not exceed 95%. The DTI ratio is calculated using the income and liabilities of all borrowers; there is no separate DTI ratio requirement for the occupant borrower.</p>

Credit (continued)

Soft pull expiration	120 days lender policy and procedure
Business Debt	If the Borrower is personally liable for a business debt, whether the debt is reflected on the Borrower's personal credit report or not, the Borrower is personally liable and the debt must be included in the debt-to-income ratios. If the Borrower can provide twelve (12) months' proof of payment/canceled checks drawn against a business account, this debt need not be included in the debt-to-income ratio.
Contingent Liabilities	A contingent liability may be disregarded if the Borrower provides conclusive evidence from the creditor that there is no possibility that the creditor will pursue debt collection against the Borrower should the other party on the debt default.
Disputed	DU will issue the disputed tradeline message. If it is determined that the disputed tradeline information is accurate and complete, the lender must ensure the disputed tradelines are considered in the credit risk assessment by either obtaining a new credit report with the tradeline no longer reported as disputed and resubmitting the loan casefile to DU. If DU does not issue the disputed tradeline message, the lender is not required to: further investigate the disputed tradeline on the credit report, obtain an updated credit report (with the undisputed tradeline).

Version 1.6 – 06/05/18

INCOME/ASSETS, continued

Tax Return Transcripts / W2 transcripts	When federal income tax information is used to document income for qualifying purposes, the lender may obtain transcripts of the applicable federal income tax documents directly from the IRS (or designee) by using IRS Form 4506-T. For example, the lender may obtain Tax Return Transcripts for Form 1040, 1040A or 1040EZ or Wage and Income Transcripts for W2s, 1098s, and 1099s. However, in certain instances, copies of the actual returns, schedules, or forms are needed because the tax return transcripts will not provide the detail required to qualify the borrower. For example, the lender must obtain copies of Schedules B through F, Schedule K-1, Form 2106, or business returns.
Long Term Debt	The monthly payment on every revolving and open-end account with a balance must be included in ratio calculation. Accounts cannot be paid down to qualify. Installment or Mortgage accounts must be paid in full. Payoff of revolving accounts in order to qualify the borrower is generally not allowed.
Minimum Reserves	Evaluated by DU. For DU Refi Plus, reserves and assets must be verified to the extent that the DU Underwriting Findings Report requires such verification.
